Hello gentlemen, I still cannot even access my grades on PowerCampus.

I should not have to explain how problematic this is from a transparency point of view. What is especially troubling is that someone in the administration ordered this lock on my transcript on 18 February, after I noted that I would be reviewing my transcript.

I am requesting that the lock on my transcript be lifted immediately.

Sincerely,

David

Hello Mr. Revere, I can't even begin a discussion about my expulsion from AUAF without having access to my transcript.

I would ask that either the stop on my PowerCampus account be lifted, or my transcript be emailed to me.

Thank you in advance for your assistance.

Best,

David

Dear David,

According to the MBA program coordinator you did not meet the academic requirements for the MBA program. Your account has been placed on a stop to prevent any additional registration. Please contact Dr Monger to review any questions about your academic suspension. I believe he sent you an email earlier as to why you were dismissed.

Please take care,

Hello Paul, I have paid all the outstanding tuition, but now there is an academic hold preventing me from viewing my transcript - how can this matter be rectified?

Please see the attached screenshot for reference.

Best,

David

Dear David,

Please contact Student Finance at [st.finance@auaf.edu.af](mailto:st.finance@auaf.edu.af) to clear your stop. Once your stop is cleared you will be able to view your transcript online through PowerCampus Self-Service.

Make sure to include your ID number when contacting Student Finance.

Hello Prof. Monger,

Could you please send me a copy of my transcript in order to review this issue?

Best,

David

Under the policies of the MBA program we allow no more than two Cs and one failing grade. However, we do permit a student to retake two courses for an acceptable grade. You have one opportunity left, however, this will not help because you have two violations of academic policy. Thus retaking a course would solve one of the two deficiencies only.

As a result, you are permanently expelled from the MBA program and will not be allowed to register for classes in the future, nor be re-admitted to the program.

We wish you all the best in your future endeavors.
